Schoeller Werk GmbH & Co. KG  
Kölner Str.  
D-53940 Hellenthal

at the metering point  
**Werk 4 in Hellenthal**

Schoeller Werk GmbH & Co.  
KG Trierer Str. 75-77  
D-53940 Hellenthal

that in the period from January 1, 2025 to December 31, 2025, electricity from renewable energy sources was generated and fed into the public electricity grid in the amount of 10.000.000 kWh. The enexion-certified green electricity supply is guaranteed within the European Energy Certificate System, which is recognized throughout Europe.

Guarantees of origin issued in accordance with Article 15 of Directive 2009/28/EC of 23 April 2009 and Article 19 of the amended Directive 2018/2001 of the European Parliament and of the Council of 11 December 2018 on the promotion of the use of energy from renewable sources guarantee the origin of the electricity from renewable sources and rule out double counting. Documentation, transparency and security are ensured in Germany by the Federal Environment Agency's register of guarantees of origin.

The special commitment of Schoeller Werk GmbH & Co. KG to the progress of the European energy transition beyond the efforts of public authorities is hereby confirmed.

A well thought-out, sustainable energy supply (smart greening) is a fundamental component of the corporate strategy. As part of this social commitment, Schoeller Werk GmbH & Co. KG has opted for green electricity.

Schoeller Werk GmbH & Co. KG makes an important contribution to climate protection by saving approx. 9,275,266 kg of CO<sub>2</sub> per year compared to the German electricity mix in accordance with § 42 EnWG.

enexion confirms Schoeller Werk GmbH & Co. KG's extraordinary commitment to protecting the environment and emphasizes its assumption of this important role model function.
